

National Certificate

Occupationally Directed Education Training And Development Practices - Level 5

PURPOSE OF THE PROGRAMME

This qualification is for those who want to build on a FETC in any field to enter the field of OD ETD as a potential career, and have little or no previous exposure to ETD.

The qualification will also be valuable for those who may have been practising within the field, but without formal recognition.

EXIT LEVEL OUTCOMES

On completion of this programme learners will be able to:

1. Communicate in a variety of ETD settings.
2. Design and develop learning programmes and processes.
3. Facilitate and evaluate learning.
4. Engage in and promote assessment practices.
5. Provide learning support to learners and organisations.
6. Conduct skills development facilitation.

BENEFITS

The development of skills within and for the workplace is a priority within South Africa, as supported by legislation, national policies and strategies. Much of the needed skills development is carried out by people who have knowledge and skills within their area of expertise, but lack the required skills in relation to ETD. Many of the skills development objectives, nationally and within companies and organisations are met through the efforts of ETD practitioners operating at the level of this qualification.
